

## Environmental Policy

Sound environmental management is one of the core values of Kenalex. Our company adopted a corporate environmental policy in 2004. Pollution prevention and conformity to all applicable environmental laws and regulations are the cornerstones of this policy, which applies to all Kenalex operations and related companies.

### **Environmental Policy**

Kenalex Construction and related companies affirms its conviction that sustainable development can only be achieved through the respectful use of natural resources.

Kenalex is committed to helping its clients continuously improve the integration of environmental protection issues into all their activities.

As part of its commitment, Kenalex will ensure that all of its activities are in compliance with applicable environmental laws and regulations.

Kenalex will raise the awareness of its employees and its project managers so environmental protection is an integral part of their activities. Project managers will produce reports stating that their projects have been executed in compliance with this environmental policy.

Kenalex will produce annual reports confirming that it has respected its environmental protection commitments.

This policy will be communicated to all employees and made available to the public upon request.

The President and General Manager of Kenalex is responsible for implementing and monitoring this policy. All employees and outside subcontractors working for Kenalex must share this commitment.

J.S. Alexander Graham,  
President and General Manager  
Kenalex Construction Company Ltd.
